About Me

Computer Engineering graduate and Master's student at Åbo Akademi University. My expertise spans Cloud Computing, AI/LLMs, and Data Analytics, with hands-on experience in building automated pipelines and embedded systems. I am a multilingual developer, who's comfortable at taking responsibility and focused on solving real-world problems through scalable infrastructure.

TECHNICAL SKILLS

Programming & Frameworks: Python (Pandas, NumPy), Java, C/C++, JavaScript (React), SQL, Django, HTML/CSS, REST APIs.

AI & Data Engineering: Large Language Models (LLMs), PyTorch, TensorFlow, Microsoft Databricks, Data Pipelines (Medallion architecture), Data Lakes, PowerBI, Kaggle.

Cloud & Infrastructure: AWS, Microsoft Azure (VMs, Host Pools, Storage Accounts, Key Vault), Entra ID, Docker, Linux

EDUCATION

Master of Science in Computer Engineering (in progress) - Åbo Akademi University (Datateknologerna vid Åbo Akademi RF), Turku
Sep 2024-present

Bachelor of Science in Computer Engineering - Åbo Akademi University (Datateknologerna vid Åbo Akademi RF), Turku
Sep 2021- Jun 2025

- Bachelor Thesis: Digitalisering söder om Sahara (Digitalisation south of Sahara)
- Relevant Courses: Cloud Computing, Software Construction, Machine Learning, Data Analytics etc.

Matriculation Examination – Helsing Gymnasium, Vantaa
May 2020

PROJECTS

Detailed project documentation and source code available at:
<https://zakariabouzada.github.io/>

QuickFix – Cross-Platform Mobile Application

- Developed and deployed native-performance mobile applications for Android and iOS, implementing a scalable backend architecture to handle user data and service requests.
- Integrated Google Cloud and JavaScript APIs for location-based services and real-world data processing, utilizing Firebase for real-time database management and authentication.
- **Tools:** Android Studio, Kotlin, Swift, Firebase, Google Cloud, JavaScript API, Render.

SourceCode: [Github Repository](#)

Data Pipeline Project

- Built an automatic medallion data pipeline on Microsoft Databricks with Python and SQL that updates NBA stats in real time, categorizing players by scoring and assists.
- **Tools:** Microsoft Databricks, Python, SQL, PowerBI.

Documentation: [View Documentation](#)

Edge AI & TinyML Engineering (Arduino Nano 33 BLE Sense)

(Ubuntu/Debian).

DevOps & Tools: CI/CD (GitHub Actions, Jenkins), Git/GitHub, Postman, Hugging Face, Jupyter Notebooks, MATLAB.

Security & Admin: Microsoft 365, Microsoft Defender, System Architecture, Embedded Systems (Arduino).

LANGUAGE SKILLS

Swedish	Native
Finnish	Native
English	Excellent
Arabic	Good
French	Good

MILITARY SERVICE

Medical Corps - Uuudenmaan
Prikaati
6.7.2020-17.3.2021

HOBBIES

Judo, Gym, Basketball.

- **Embedded Audio & Vision Systems:** Developed low-power speech recognition (Keyword Spotting) and real-time gesture classification (CNN) systems deployed directly on microcontrollers.
- **Optimization & Deployment:** Achieved extreme model compression (e.g., **85% size reduction** via quantization/pruning) to fit within 256KB SRAM while managing hardware constraints like CMOS camera interfacing and Tensor Arena allocation.
- **Tools:** C++, Python, TensorFlow Lite Micro, Edge Impulse, Arduino IDE, OV7670 Camera, Git.

WORK EXPERIENCE

HR Tukku Oy (Transmeri)

Warehouse worker/Packing/Assembly line
08/2024- Present (Freelance work)

- Performed packing, order fulfillment, and assembly line tasks in a fast-paced warehouse environment.
- Ensured accuracy, quality control, and timely handling of goods.
- Supported daily logistics operations with flexibility and efficiency.

Svops Oy (Fölläri)

Maintenance of city bike system/Van Driver/Customer Service/Bicycle Repair
6/2022-10/2022, 9/2023-12/2023 and 9/2024-12/2024

- Maintained and serviced city bikes to ensure safety and availability.
- Transported bicycles and equipment between service locations.
- Provided customer support and resolved user-reported issues.
- Performed mechanical repairs and routine maintenance.

Bolt. Works Oy (SE Mäkinen)

Vehicle Import Inspector/Driver
5/2023-8/2023

- Inspected imported vehicles for quality, compliance, and documentation accuracy.
- Drove and handled vehicles safely during inspection and logistics operations.
- Reported findings clearly and followed standardized inspection procedures.

HOK-Elanto (ABC Car Wash)

Customer Service
17.5-1.8/2021

Kotikatu OY

Property Caretaker
3.6-12.7/2019 and 1.6-3.7/2020
